

# Applicable Clery Act Crime Locations

## “Clery geography”

The following provides general information on the three (3) geographic areas defined by the Clery Act to help aid in the understanding of how the statistics relate to where an incident occurred. Those Clery Act crimes reported to have occurred in one of these locations were identified and included in the University’s *Annual Campus Security and Fire Safety Report* and submitted to the Department of Education’s [website](#), as well as were reviewed at the time of the report for the potential issuance of a Timely Warning notification (see elsewhere on UNLPD website for information).

### On-Campus Property (Student Housing is a subset in the statistics)

- Any University building or property owned or controlled by the University within the same reasonably contiguous geographic area (within 1 mile of core campus) and used by the University to directly or indirectly support the University's educational purposes, **including residence halls**;
- Any University building or property that is within or reasonably contiguous to the area identified in the above paragraph, that is owned by the University but controlled by another person, is frequently used by students and supports the University’s educational purposes (such as a food or other retail vendor in the Union);
- Any student housing facility that is owned or controlled by the University or is located on property that is owned or controlled by the University and is within the reasonably contiguous geographic area that makes up the campus. This includes any **fraternity/sorority** that has an agreement with University Housing to abide by Housing’s rules and regulations, as this agreement gives the University “control” – see below.

“Controlling property” as defined for Clery Act purposes means that UNL owns, rents, leases, or has some other type of **written agreement** (including an informal one, such as a letter or e-mail) for a building or property, or a portion of a building or property, with control of that space for the period of time specified in the agreement.

Examples of UNL’s On-campus Property include:

- Memorial Stadium
- East/City Union
- Love Library
- University Suites (also in On-campus Housing subset)
- Massengale Residential Center (also in On-campus Housing subset)
- Oldfather Hall

### Non-Campus Property

- Any building or property owned or controlled by a student organization that is officially recognized by the University, meaning **fraternities/sororities** without an agreement with Housing; or
- Any building or property owned or controlled by the University that is used to directly or indirectly support the University's educational purposes, and is not within the same reasonably contiguous geographic area of the University.
- Off-site locations may become “non-campus property” when specific thresholds are met regarding travel:

- UNL sponsors students on an overnight trip **every year** and the students stay in the **same hotel each year** (“sponsors” means that UNL pays for trip and trip insurance);
- UNL sponsors trips of **multiple nights** for students.

Examples of UNL’s Non-campus Property include:

- Panhandle Research & Extension Center
- Gudmensen Ranch
- 9 Mile Prairie
- Cedar Point Biological Station
- If a sports team stays at the same Hilton Garden Inn in Miami every year when they go to a meet (**example**)
- If UNL leases a building in London, England for a year to teach students about Shakespeare (**example**)

### **Public Property**

- Public property is all public property, streets, sidewalks, parks, and parking facilities that are within the University’s campus, or that are **immediately adjacent** to and accessible from campus. This includes the sidewalk, the street and opposite sidewalk, but does not include public property beyond the second sidewalk.

The public property requirement addresses **only** that public property surrounding UNL’s on-campus property. It does not include the public property that surrounds any non-campus UNL property, such as a rented storage building five miles from campus or a field outside of town used for research.

Examples of UNL’s Public Property include:

- 16<sup>th</sup> Street
- Vine Street
- All sidewalks along streets
- S Street
- Centennial Mall
- Stadium Drive
